FOR IMMEDIATE RELEASE:

TREAT YOURSELF AND GUESTS LIKE ROYALTY!

Introducing the Azahar Faucet from Watermark Designs – It's the Crowning Touch to a Bath Fit for Nobility.

(Spring Creek, New York, May 3, 2005) Featuring finely crafted lines and an exquisite fleur de leis motif in keeping with Spanish Medieval style, the Azahar faucet from Watermark Designs breathes historical charm. A castle-like treasure, it reminds of a simpler, albeit more ornate time and is the crowning touch in a bath designed to make guests and homeowners feel like royalty.

Azahar epitomizes Watermark Design's reputation for timeless European craftsmanship and 21st century American refinement and innovation fused into one.

The Azahar faucet's extraordinary silhouette was created from a casting produced exclusively for Watermark by a well-respected foundry in Spain. Its vintage brass finish is imperfect, yet magnificent, distinguished by gradations in tone that allude to a rich and cherished past.

In addition to vintage brass, Azahar is available in 35 finishes to create a variety of different looks. Among the most popular are antique copper, polished nickel, satin gold, and satin nickel. The Azahar faucet retails from \$926 to \$1,209, depending on the finish. And, like all Watermark faucets, it provides a lifetime warranty on valves and finishes.

Making Azahar the ultimate design choice for consumers interested in a cohesive look is its matching selection of tub and shower sets, tub fillers, and complete line of bath accessories. The faucet shown is a widespread lavatory style. Azahar is also available as a monoblock or wall mounted lavatory faucet as well as a kitchen faucet.

With Watermark, there's no limit to the style possibilities. In addition to choosing a finish, you have the option of selecting the faucet and handle style to create your desired look. When coordinated with Watermark's matching accessories, the only restriction is your imagination.

For more information on the Azahar lavatory faucet or any of Watermark's other designs, call 1-800-842-7277 or visit our website at www.watermark-designs.com.
