FOR IMMEDIATE RELEASE:

GOOD LOOKS NEVER GO OUT OF STYLE!

Hampton Collection brings classic style to every corner of the bathroom.

(Spring Creek, New York – August 3, 2006) Fads eventually fade, and designer trends come and go. But classic designs have a timeless appeal that transcend “what’s hot” and create an impression of lasting beauty and good taste.

The Hampton Collection from Watermark Designs is a perfect example of the enduring appeal of classical lines. The widespread lavatory faucet shown here is distinctive with its gracefully curved spout. The deliberate absence of excess detailing allows the eye to more fully appreciate the sleek, elegant design, which lends itself well to nearly any style of bathroom décor.

One of the hallmarks of Watermark is the wide range of options that allow consumers to create a truly customized look limited only by one’s imagination. The Hampton faucet is available with eight different handle styles and 35 rich finishes, including pewter, copper, nickel, chrome, charcoal and gold. Retail prices range from \$397 to \$539, depending on the finish selected. As always, all Watermark faucets are backed by a lifetime warranty on valves and finishes.

The Hampton Collection extends its classic good looks to every corner of the bathroom with a full compliment of faucet designs and coordinating accessories. Choose from shower and tub sets, grab bars, bidet fittings, towel rings and three different sizes of single or double towel bars. Complete the look with matching hooks, holders, soap dishes, lighting sconces, drawer knobs and pulls, wall-mounted mirrors, and even a shower caddy.

From the simply elegant to the dramatically exotic, Watermark offers a full line of everything anyone could possibly need to create a complete bathroom look.
