FOR IMMEDIATE RELEASE:

CAN'T CHOOSE A STYLE? GO TRANSITIONAL INSTEAD!

Watermark's Transitional faucet compliments a multiple of today's top designer looks.

(Spring Creek, New York – August 30, 2006) There are so many great looks when it comes to interior design these days that it can be difficult – if not nearly impossible – for the average homeowner to select a single style. Contemporary or classic? Modern or retro? Urban industrial or shabby chic? Traditional? Victorian? Country? It can be enough to confuse anyone.

Perhaps that's why Watermark Design has found such success with its new Transitional line of faucets and bathroom accessories. Its versatile style manages to incorporate elements from across the design spectrum into a single finished look that compliments a wide variety of decors. Like a chameleon of sorts, the Transitional line blends easily with its style surroundings and is equally at home in a vintage-inspired bathroom as it is in a minimalist modern design.

The widespread lavatory faucet shown here, Model 29-2, is available with a choice of two handle styles and retails from \$744 to \$972, depending on finish. With 35 stunning finishes to choose from, including polished chrome and nickel, satin copper, antique brass, pewter and gun metal. Also available in the Transitional collection are a single lever monoblock faucet, tub and shower sets, a kitchen faucet and coordinating bathroom accessories such as towel bars, grab bars, soap dishes, holders and more. As always, all Watermark faucets are backed by a lifetime warranty on valves and finishes.

The Transitional design family joins an already unique collection of Watermark products. For the simply elegant to the dramatically exotic, Watermark offers a full line of beautiful faucets, bath accessories, lighting fixtures, decorative hardware, vanities, mirrors, bath furniture and fixtures to create a complete custom look.

For more information on the Transitional faucet or any other Watermark Designs product, call 1-800-842-7277 or visit www.watermark-designs.com.
