FOR IMMEDIATE RELEASE:

SIMPLICITY REACHES NEW HEIGHTS IN BATH DESIGN!

Introducing The Ingenious Standing Titanium Lavatory Faucet from Watermark.

(Spring Creek, New York, February 20, 2007) Watermark Designs presents a new floor-mounted version of their unique Titanium Series 22 Faucets. The Titanium Standing Lavatory Mixer features the distinguishing high-tech one-touch functionality with hydroprogressive engineering, ideal for a modern home where minimalism is key.

The Model 22-1.504 Standing Lavatory Mixer stands at 45 1/2" tall and is defined by linear lines, aesthetic form and uncompromising quality, all hallmarks of the Titanium Series. Designed for the ultimate user experience, just the slightest movement gets you into the flow of water, as the handle is integrated into the body of the fixture itself rather than sticking out from the side. The faucet features a 35° projection. Applying American refinement to rich Italian design and artistic sensibility, the master craftsmen at Watermark have again created the latest bath industry innovation.

There are 21 different Titanium Series combinations of lavatory deck mount faucets, which includes 6 different spouts, 2 bases (short and tall), 2 handle styles and freestanding shower faucets. Also in the Titanium Series are coordinated shower systems, kitchen faucets, accessories, lighting, grab bars and even knobs and pulls. All of these are available in 35 finishes, not just chrome and nickel like other Italian contemporary designs. And as always these faucets comes with Watermark Designs' lifetime warranty on valves and finishes.

The Watermark Model 22-1.504 Faucet ranges in price from \$2333 to \$2916 depending on finish.

WATERMARK

DESIGN INSPIRATIONS

Minimalism can truly be redefined with the one-touch Titanium Series 22 Faucet mixer providing the opportunity to create an environment tailored to your needs, both decorative and technological. Consumers are assured a cohesive look as the Watermark Titanium Series can be completely harmonized with matching tub and shower sets, bath accessories, light fixtures, mirrors, grab bars and slide bars. Watermark's philosophy is to offer design concepts for the entire bathroom. When coordinated with Watermark's matching bath products, the only limitation is your imagination.

For more information on the Titanium Series 22 Faucet or any of Watermark's other designs, please contact Watermark at 1-800-842-7277 or visit our website at www.watermark-designs.com.
