

SIMPLICITY REDEFINED

Add Fluid Style To Your Bath With The Kensington Lavatory Faucet!

Kensington Lavatory Faucet

[Brooklyn, New York – April 15, 2009] The new Kensington faucet's gracefully arched spout recalls a timeless design aesthetic, while its organic profile and clean design lend a more contemporary feel. The overall effect has a nature-inspired aura with its softly curved profile and seamless design.

The Kensington features free flowing forms designed to create a relaxing bath retreat dripping with style. A variety of finishes and coordinating accessories allow you to customize your space – and showcase your impeccable taste.

As with all Watermark designs, the Kensington faucet is available in 35 rich finishes, including pewter, bronze, copper and chrome. Prices range from \$397 to \$539, depending on style and finish. You can also choose from 11 interchangeable handle styles to further customize your look. It is shown here with the Thames handles in a polished gold finish. All Watermark faucets are backed by a lifetime warranty on valves and finishes.

The Kensington faucet joins an already unique collection of Watermark products. For the simply elegant to the dramatically exotic, Watermark offers a full line of beautiful faucets, bath accessories, lighting fixtures, decorative hardware, vanities, mirrors, bath furniture and soon fixtures to create a complete bathroom look.
