

AFFORDABLE STYLE!

New Country Club Collection Offers Budget-Friendly Options Without Sacrificing Quality And Style!

313-2-Y2 Widespread Lavatory Faucet

[Brooklyn, New York – October 19, 2009] Everyone is looking for ways to save money these days, and Watermark Designs appreciates that. Accordingly, the company lauded for its high-end decorative plumbing fixtures is pleased to introduce a new product line that offers significant savings without sacrificing quality or style.

Known as the Country Club Collection, this family of plumbing fixtures is competitively priced but still retains the trademark quality and fashion-forward design of the Watermark brand.

The collection includes a widespread lavatory faucet, roman tub fixtures and coordinating fixtures for both traditional and hand-held showers. In keeping with Watermark's eco-friendly design standards, the faucets come standard with a 1.5 gpm aerator to help conserve water resources. As always, the fixtures are available in 35 different finishes. Some of the more expensive finishes have been discounted as well, such as offering the popular satin nickel finish at the same price as polished chrome, a 25% savings. The rustica brass finish is offered at the same price as polished nickel, which represents a 10% savings. The 313-2-Y2 Widespread Lavatory Faucet, shown here in a polished chrome finish, retails for \$298.

Watermark faucets are a great choice for consumers looking for simple ways to add to the beauty and value of their homes. The Country Club Collection is a singular opportunity to own the upscale Watermark brand at a budget-friendly price while still enjoying their famous quality and style. Let Watermark Designs show you how to bring affordable elegance to your bathroom that will be enjoyed for years to come.
